

MACRO'S AGILE APPROACH IS ROOTED IN THE MACRO CONTINUOUS VALUE METHODOLOGY

CULTURE

Macro helps fold unique cultures and environments into an Agile adoption. Dialogue and observability will be keys to longer-term culture transformation.

FRAMEWORK

We design tools and product development models to get teams off the ground quick with culture in the forefront, Continuous Value as a goal, and find ways to navigate compliance constraints.

ADOPTION

We work directly with stakeholders to design mentoring and workshops to help everyone see where they contribute to success and drive Continuous Value.

OBSERVATION

We identify where to increase visibility to help translate measures and metrics for unique reporting or compliance constraints and help incorporate transparency and observability into frameworks to lift the veil and enable continuous improvement.

TRANSLATION

We tailor metrics and frameworks to navigate compliance constraints with the goal of maintaining focus on the customer.

ABOUT

Macro Solutions is a woman-owned information technology and management consulting firm that helps companies and government organizations select, implement, modernize, integrate and maintain critical end-to-end business solutions.
