# ABOUT

Macro Solutions is a woman-owned information technology and management consulting firm that helps companies and government organizations select, implement, modernize, integrate and maintain critical end-to-end business solutions.

## CLIENT WINS: IPPS-A + HHS

We provided data integration leadership for the **Army's Integrated Personnel and Pay System (IPPSA)** as well as played a significant role in the design, build, test, and implementation of this modernization effort to provide the US Army with online integrated personnel and pay capabilities in a single system for all Army Components. Additionally, we helped to implement SAFe at the U.S. Army as part of the project. The tailored SAFe approach allowed IPPS-A to meet their goal of increased speed of delivery and integrate stakeholder feedback early and often in the process.

We provided Operations Maintenance & Enhancements support for the PeopleSoft-based **HHS-wide EHRP** personnel system and its interfaces. EHRP is critical to the Department's ability to deliver bi-weekly payroll, execute annual cycles, and support audits.
