U.S.ARMY

CONTRACT OVERVIEW

125 ID/IQ Contracts

Contract Life: 9 Years including Options

Program Maximum: \$12.1 Billion

Purpose

The purpose of ITES-3S is to meet the Army's enterprise infrastructure goals with a full range of innovative, world-class information technology support services and solutions at a reasonable price. ITES-3S enhance Army Net-operations/Net-centric capabilities and holistically support Army customers, by providing a common look and feel for Army applications at all levels of both the strategic and tactical Army enterprise. It is in compliance with existing Department of Defense and Department of Army standardization and interoperability policies, and strives to enhance Army capabilities by supporting implementation and partnering in Network Enterprise Technology Command's networkiness program.

Open to Army, DOD & Federal Agencies Decentralized Ordering and **NO CHESSE FEE**
