- Army ITES-3S (W52P1J-18-D-A051)
- Navy SeaPort-e (N00178-10-D-6184)
- FDIC ITAS II (CORHQ-13-G-0106)
- HHS BPA (HHSP2332013000007WI)

Macro Solutions **consults** with agencies to **analyze** and identify the cultural and organizational changes needed to begin DevOps enablement.

Macro Solutions **coaches** agencies and organizations on how to set up standards of excellence, governance models, tool sets and better collaborate in order to fully **implement** DevOps.

Macro Solutions helps agencies **execute** on DevOps with a process that focuses on agile software development through MPV, value stream analysis and cost of delay. Macro uses concepts that teams embrace to drive their software delivery models.

All of our services are carefully tailored to bring short- and long-term client goals into perfect alignment, with intimate involvement from our senior leadership team at every stage of the project—*a guarantee we call Macro Assurance.*

# At our core, we're a relationship company.

## ABOUT US

We work closely with our clients and business partners to ensure strong and trusted relationships in all aspects of our business. Our policies and procedures are mature and robust—commensurate with our status as a seasoned business and IT consultancy—yet as a small business, we remain agile and responsive to our clients' evolving needs.

## SOME OF OUR PROUDEST WORK

### U.S FEDERAL FINANCIAL REGULATION AGENCY

We provide secure release management functions incorporating continuous integration and continuous delivery (CI/CD), mentoring intersecting organizations within the agency to enable fully functional DevOps. With three contracts on software delivery, two operations and maintenance and one service delivery, we are helping agencies to deliver functional, secure, quality applications at a rapid pace.

We've grown our delivery from one task order to four task orders!

### ARMY INTEGRATED PERSONNEL AND PAY SYSTEMS

The Army Integrated Personnel and Pay System using enterprise-scale DevOps delivery models to increase speed of delivery and integrate stakeholder feedback in their processes.

We released fully functional, enterprise scale application updates every three weeks.
