# ARCHITECTURE

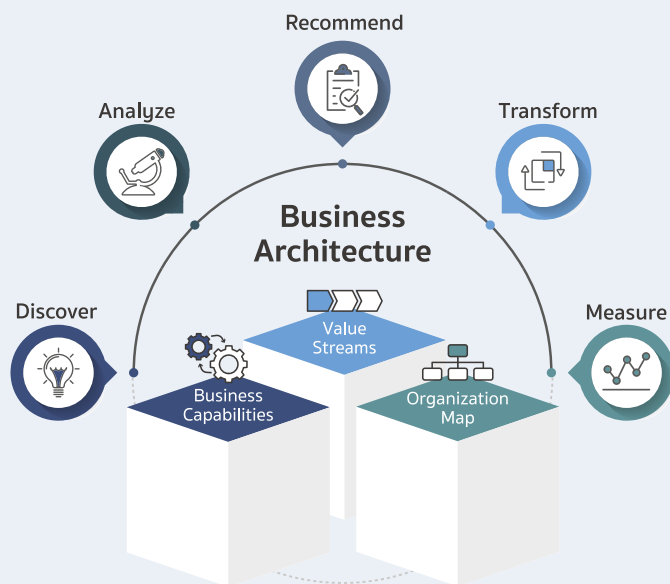

Macro Solutions helps government agencies transition into value producing success stories – by working side-by-side with organizational leaders to create future state business architectures and transformation roadmaps spearheading mission success.

Macro Solutions created a Business Architecture Playbook to streamline and expedite the realization of value for every business architecture client. The Playbook provides a guided and comprehensive approach to articulating a future state and the tools and techniques to attain it.

Macro Solutions Business Architecture Service uses Agile techniques and is tailorable and scalable to meet the needs of every client.

## ABOUT

Macro Solutions is a woman-owned information technology and management consulting firm that helps companies and government organizations select, implement, modernize, integrate and maintain critical end-to-end business solutions.

### CLIENT WIN

#### U.S. GENERAL SERVICE ADMINISTRATION (GSA)

We provide business architecture services spearheading the transformation of GSA's Digital Infrastructure Technologies (IDT) to a stronger customer focused and results driven IT service delivery model. We partner with organizational leaders creating future state business architecture models and transformation roadmaps that are implemented by GSA-IT.

“

*"Their work really helps shape the transformation for IDT and enables vision and blueprint previously unrealized."*

- Associate CIO of Enterprise Planning and Governance
