

ENTERPRISE SOLUTIONS

Modernizing Federal Human Capital and Financial Management

Keep pace with the changing federal government workplace. Transform federal human capital and financial management systems into flexible, intuitive, self-service solutions that align people and secure business processes, answer key business questions, and deliver true value.

MACRO SOLUTIONS

has more than 20 years' experience in implementing, enhancing, integrating, and supporting mission-critical ERP systems - including Workday, PeopleSoft, Oracle and Salesforce - across government.

Say goodbye to rigid, outdated, server-based systems. Transform ERP with modern platforms, like Workday, that unify ERP capabilities on a single cloud-based system.

Create a **simpler, more connected** self-service experience for users and employees.

Get results quickly and maximize business value with an Agile/DevOps approach to platform delivery and reuse.

Meet security and data governance requirements with FedRAMP-authorized cloud solutions.

Extend ERP capabilities, break down silos, and drive and manage change across the enterprise - **at your own pace.**

ABOUT

Macro Solutions is a woman-owned information technology and management consulting firm that helps companies and government organizations select, implement, modernize, integrate and maintain critical end-to-end business solutions.

CLIENT WINS: IPPS-A + HHS

We provided data integration leadership for the **Army's Integrated Personnel and Pay System (IPPSA)** as well as played a significant role in the design, build, test, and implementation of this modernization effort to provide the US Army with online integrated personnel and pay capabilities in a single system for all Army Components. Additionally, we helped to implement SAFe at the U.S. Army as part of the project. The tailored SAFe approach allowed IPPS-A to meet their goal of increased speed of delivery and integrate stakeholder feedback early and often in the process.

We provided Operations Maintenance & Enhancements support for the PeopleSoft-based **HHS-wide EHRP** personnel system and its interfaces. EHRP is critical to the Department's ability to deliver bi-weekly payroll, execute annual cycles, and support audits.
